Certification conditions EN 15085-2 are available on:
www.tuv.pl/zalaczniki

Registration company address: PKP CARGOTABOR Sp. z o.o. ul. Grójecka 17, 02-021 Warszawa

The Welding Coordinators Andrzej Trawiński and Zbigniew Wiśniewski are authorized to conduct qualification examinations of welders in accordance with applicable standards to the extent consistent with the certification scope of this certificate.

General regulations

according to EN 15085-2:2020.

Revocation of the Certificate

Manufacturer certification body issuing this certificate may revoke the certificate if:

- there are justified doubts as to the proper execution of the welding work according to the stated standards,
- there are justified doubts as to the proper welding coordination according to the stated standards,
- no recognized welding coordinator is available any longer,
- no valid qualification test certificates for the welders and welding operators according to the specified standards are available,
- welders or welding operators without tested qualifications have been entrusted with the execution of welding work under the stated standards,
- other conditions according to the stated standards are no longer satisfied,
- the manufacturer certification body was refused an opportunity to perform the annual verification,
- the welding manufacturer waives the certificate.

The welding manufacturer shall acknowledge the revocation in writing to the manufacturer certification body.

If a valid certificate is to be renewed, the renewal must be applied for with the manufacturer certification body at least two months before the end of the period of validity of the current certificate.
